Serial No. 6

BRIEF ABSTRACT OF LETTER.

States that the D.C. of Kolar has, in his letter No. H.C. 107 dated the 20th Jan 1924, urged that the concession sanctioned in the G.O. dated 16th Jan 1924 may be extended to bagayat lands usually sown with wet crops as the crops on those lands have suffered equally with those on wet lands from and are irrigated by tank water and recommends the same for favourable consideration of Govt.

NOTES AND ORDERS.

S. Kind reference is invited to letter No. H.C. 107 dated
the 20th January 1924 from the D.C. of Kolar to which
B. ^{attention} reference has been drawn by the R. Commr. in the paper
under disposal.

The proposal of the D.C. is for the extension of the concession of permission granted to wet lands in the Govt. orders dated 16th and 23rd January 1924 to ^{on which crops are grown} Bagayat lands. He states that a similar concession was granted to garden lands during 1918-19. But a perusal of the G.O. dated 24th April 1919 shows that permission was granted to wet lands alone and there is no reference to Bagayat lands therein.

3 The Rev. Commr. strongly recommends the proposal of the D.C. on the ground that these lands are also irrigated from tank water and wet crops raised thereon.

4 A similar concession of permission of half the wet assessment on lands classed as Bagayat in the affected tracts was granted in the year 1909 (vide G.O. No R. 7506-15/Agri-175-08-4 dated 20th March 1909).

5 Subd for orders.

20

20.2.24

20.2.24

The Commr. may perhaps be less likely to extend to lands which though treated as garden are actually cultivated with wet crops.

9 I see from the old files that a concession similar to the one now recommended by the Revenue Commissioner has been granted by the Government in the G.O. of 20th March 1909 (Flag V). There seems therefore no reason not to grant it now.

10 The only objection or difficulty that I can see lies perhaps in the practical working of the rule. I am not clear as to who is the authority that decide which are the "Bagayat lands usually sown with wet crops and irrigated by tank water". To determine this point solely on the authority of the village accountant, would seem to throw the door open to a certain amount of malpractice or abuse. But this difficulty must have equally arisen and been surmounted in 1909; and I presume that the Revenue Officers will take all due precaution in the matter.

MSH

PSH 19/1 ✓
Adverting to Government Order No. 256-60/Dis dated the 16th January 1924 sanctioning certain concessions in respect of remissions and suspensions of revenue in certain taluks of the affected districts, I have the honour to state that the Deputy Commissioner of Molar has, in his letter No. H.C.107 dated the 20th January 1924, of which a copy was already forwarded to you with my letter No. D.28 dated the 21st idem, urged that the concession sanctioned in the order referred to may be extended to bagayat lands usually sown with wet crops as the crops on those lands have suffered equally with those on wet lands proper and are irrigated by tank water. There appears to be considerable force in the proposal put forward by the Deputy Commissioner and I recommend the same for the favourable consideration of Government.

I have the honour to be,

Sir,

Your most obedient servant,

A. Chandy

Revenue Commissioner.

To

The Revenue Commr in Mysore

Sir,

with reference to
your letter no D 28/23-24
dated the 18th Feb 1924
recommending the
extension of the Cuckoo
Sanctd in fo. no 256-60
Dis
dated the 16th Jan 1924
to bagayet lands
usually with wet crops irrigated

by tank water, I am
directed to state that you
consider that the ~~cultivation~~
~~with tank water is at~~
~~the action of the ryots and~~
~~that accordingly the principle~~
of remission cannot be
applied to such lands.

I have ch
